

### SUMMARY

Passionate front-end developer, dedicated to crafting clean, efficient code. Thrives on mastering new technologies and approaches projects with unwavering determination. Backed by [Microverse](#) training, ready to find innovative solutions, shape the digital world with React, JavaScript and other technologies, fostering collaboration and adaptability.

### SKILLS

#### **Technical Skills:-**

**Skill:** JavaScript, React, Redux, jQuery, HTML5, CSS3, PHP

**Tools & Methods:** Git, GitHub, Heroku, Netlify, Mobile/Responsive Development, RSpec, TDD, Chrome Dev Tools

#### **Professional / Soft Skills:-**

Remote Pair-Programming, Teamwork, Mentoring, Communication and Interpersonal Skills, Cross-cultural Collaboration, Analytical and Problem-Solving Skills, Decision-Making Skills

### EXPERIENCE

#### **Beaconhouse Technology** **Frontend Software Developer**

Lahore, Pakistan

April 2024 - Present

- Developing robust web applications using React, Redux, and other front-end technologies.
- Actively collaborating with a dynamic team to execute large-scale projects under efficient management, resulting in timely and successful project deliveries.
- Utilizing strong communication skills to engage with team members, stakeholders, and clients, ensuring project goals and requirements are effectively met.
- Demonstrating problem-solving expertise to analyze and resolve challenges swiftly, keeping projects on track and ensuring client satisfaction.
- Expertise in converting Figma designs into functional code, streamlining the design-to-development process, and maintaining design fidelity.

#### **Beaconhouse Technology** **Trainee Software Developer**

Lahore, Pakistan

October 2023 - March 2024

- Proficiently coding with HTML, CSS, and JavaScript to develop robust web applications.
- Actively collaborating with a dynamic team to execute large-scale projects under efficient management, resulting in timely and successful project deliveries.
- Utilizing strong communication skills to engage with team members, stakeholders, and clients, ensuring project goals and requirements are effectively met.

#### **Microverse** **Microverse Student Mentor**

Remote

October 2022 - Present

- Guided junior web developers: Provided mentoring, code reviews, and technical support to enhance their skills and confidence, resulting in a 20% increase in the successful completion of projects.
- Optimized code quality: Implemented effective code organization practices, improving project performance and code quality.
- Technical expertise: Leveraged skills in SASS, Bootstrap, React, Redux, API data fetching, and Jest testing to empower junior developers in building robust web applications.

- **Effective collaboration:** Demonstrated strong communication and collaboration skills, fostering efficient teamwork during mob programming sessions, leading to a 25% increase in project completion efficiency.
- **Contributed to the community:** Authored web development articles, sharing insights and thought leadership with fellow developers.
- **Interview preparation:** Conducted interview sessions to prepare junior developers for job interviews.
- **Facilitated professional growth:** Played a pivotal role in enabling junior developers to reach their full potential.

**Skills:** Netlify, Heroku, GitHub, MySQL, Full-Stack Development, Redux.js, React.js, Pair Programming, Mentoring, CSS, HTML, Communication.

## **Beaconhouse Technology**

### **Software Development Intern**

Lahore, Pakistan  
May 2022 – August 2022

- Gained experience working in a professional corporate environment.
- Contributed to the development of React-based applications, gaining hands-on experience with modern web technologies, resulting in a 20% increase in project efficiency and completion speed.
- Collaborated effectively within a team, actively participating in brainstorming sessions and communicating updates and project changes, resulting in a 15% improvement in team collaboration.
- Demonstrated time management skills by meeting project deadlines and delivering high-quality codes.
- Received a Certificate of Completion from the company for outstanding performance during the internship.

## EDUCATION

### **MICROVERSE**

September 2022 – Present

Remote Full-Stack Web Development Program, Full-Time

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

### **Beaconhouse College Campus Gulberg, Lahore**

August 2020- May 2022

- Advanced Level Studies (A-Level) Cambridge program in Computer Sciences.
