Tayyab Kamboh

FULL−STACK WEB DEVELOPER

SUMMARY

Passionate full-stack web developer, dedicated to crafting clean, efficient code. Thrives on mastering new technologies and approaches projects with unwavering determination. Backed by Microverse's training, ready to find innovative solutions, shape the digital world with Ruby on Rails and JavaScript, fostering collaboration and adaptability.

SKILLS

Technical Skills:-

Front-End: JavaScript, React, Redux, jQuery, HTML5, CSS3
Back-End: Ruby, Rails, MySQL, Node.js
Tools & Methods: Git, GitHub, Heroku, Netlify, Mobile/Responsive Development, RSpec, TDD, Chrome Dev Tools

Professional / Soft Skills:-

Remote Pair-Programming, Teamwork, Mentoring, Communication and Interpersonal Skills, Cross-cultural Collaboration, Analytical and Problem-Solving Skills, Decision-Making Skills

EXPERIENCE

Highlighted Personal Projects   Remote
Full-Stack Web Developer   September 2022 - Present

- **SummerWave Hotel**:

  Technical: Developed a room reservation website using Ruby on Rails and React, demonstrating proficiency in web application development.
  Soft Skills: Collaborated with team members to ensure seamless project execution, emphasizing teamwork and effective communication.

- **To-Do List:**

  Technical: Built a minimalist to-do list website with CRUD functionality using JavaScript, HTML, and CSS, showcasing front-end development skills.
  Soft Skills: Worked independently and as part of a team, highlighting adaptability and collaboration.

- **Awesome Books**:

  Technical: Designed a book management website with Bootstrap, showcasing HTML, CSS, and JavaScript skills.
  Soft Skills: Communicated project progress and updates effectively within the team, emphasizing clear communication.

Microverse   Remote
Microverse Student Mentor   October 2022 - Present

- Guided junior web developers: Provided mentoring, code reviews, and technical support to enhance their skills and confidence, resulting in a 20% increase in the successful completion of projects.
- Optimized code quality: Implemented effective code organization practices, improving project performance and code quality.
- Technical expertise: Leveraged skills in SASS, Bootstrap, React, Redux, API data fetching, and Jest testing to

empower junior developers in building robust web applications.
- Effective collaboration: Demonstrated strong communication and collaboration skills, fostering efficient teamwork during mob programming sessions, leading to a 25% increase in project completion efficiency.
- Contributed to the community: Authored web development articles, sharing insights and thought leadership with fellow developers.
- Interview preparation: Conducted interview sessions to prepare junior developers for job interviews.
- Facilitated professional growth: Played a pivotal role in enabling junior developers to reach their full potential.

Skills: Netlify, Heroku, GitHub, MySQL, Full-Stack Development, Redux.js, React.js, Pair Programming, Mentoring, CSS, HTML, Communication.

Beaconhouse Technology   Lahore, Pakistan
Software Development Intern   May 2022 – August 2022
- Gained experience working in a professional corporate environment.
- Contributed to the development of React-based applications, gaining hands-on experience with modern web technologies, resulting in a 20% increase in project efficiency and completion speed.
- Collaborated effectively within a team, actively participating in brainstorming sessions and communicating updates and project changes, resulting in a 15% improvement in team collaboration.
- Demonstrated time management skills by meeting project deadlines and delivering high-quality codes.
- Received a Certificate of Completion from the company for outstanding performance during the internship.

EDUCATION

MICROVERSE   September 2022 – Present
Remote Full-Stack Web Development Program, Full-Time
- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

Beaconhouse College Campus Gulberg, Lahore   August 2021- May 2022
- Advanced Level Studies (A-Level) Cambridge program in Computer Sciences.
